

Engineering Challenge Rubric

Bundle 2 - Lesson 22: Resilient Structures

Name: _____ Date: _____ Team: _____

Criteria	Points	Score / Comments
1. Design Process & Documentation (25 pts)		
Follows design process (plan, build, test, improve)	/ 15	
Documents design with sketches and notes	/ 10	
2. Structural Performance & Testing (30 pts)		
Structure withstands earthquake test (shaking)	/ 10	
Structure withstands flood test (water spray)	/ 10	
Structure withstands wind test (fan)	/ 10	
3. Iteration & Problem Solving (25 pts)		
Identifies failure points and makes improvements	/ 15	
Tests multiple versions and records data	/ 10	
4. Team Collaboration & Safety (20 pts)		
Works cooperatively and shares responsibilities	/ 12	
Follows safety rules and cleans up properly	/ 8	
TOTAL SCORE	/ 100	

Grading Scale: A = 90-100 | B = 80-89 | C = 70-79 | D = 60-69 | F = Below 60
